# Ailie MacAdam

## General Manager, Asia Pacific Region

Ailie MacAdam is a senior vice president of Bechtel Corporation and general manager, Asia Pacific region. Based in Sydney, Australia, she leads teams in Taiwan, Singapore, and other target markets.

Previously, Ailie served as managing director of Bechtel Infrastructure (Australia) Pty Ltd, where she was accountable for all aspects of Bechtel's Australian business development and project delivery in the transport infrastructure market, strategically focused on the rail, aviation, power, roads and tunneling sectors.

During the 30 years she has worked for Bechtel, Ailie has led major UK and US infrastructure projects, in addition to oil, gas and chemicals projects in Europe and Africa. She brings an extensive background in rail mega-project delivery resulting in her appointment as Bechtel's Global Rail sector lead.

Ailie is Bechtel's client relationship manager in Australia and the executive sponsor for Bechtel's delivery partner role on the Sydney Metro City and Southwest Project – an infrastructure project of global scale.

Prior to her current appointment, Ailie served in various leadership roles including Bechtel's managing director for Europe and Africa, with profit and loss accountability for rail, airport and heavy civil projects, including London City and Gatwick airports.

Previous roles have included project Director for Crossrail - the largest civil infrastructure project in Europe - and Project Director for High Speed 1 (HS1, originally the Channel Tunnel Rail Link), the UK's first high-speed rail line.

Ailie holds a Bachelor of Chemical Engineering degree from Bradford University and is a Fellow of the Institute of Civil Engineers. She is a STEM ambassador and champions Bechtel's approach to diversity and inclusivity.

In June 2016, Ailie was listed in the inaugural list of the UK's Top 50 Women in Engineering, compiled by the Daily Telegraph in collaboration with the Women's Engineering Society. In September 2017, she was also recognized with an Outstanding Personal Contribution (Senior Management) Award at the Rail Industry Association National Rail Awards.

Bechtel is one of the most respected global engineering, construction, and project management companies. Together with our customers, we deliver landmark projects that foster long-term progress and economic growth. Since 1898, we've completed more than 25,000 extraordinary projects across 160 countries on all seven continents. We operate through four global businesses: Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals, all of which are active in Australia today. Our company and our culture are built on more than a century of leadership and a relentless adherence to our values, the core of which are safety, quality, ethics, and integrity. These values are what we believe, what we expect, what we deliver, and what we live.
