Ross Hamilton

Program Manager of the Digital Enterprise Program (DEP)

Ross Hamilton is the program manager of the Digital Enterprise Program (DEP), which enables Bechtel to deliver increased value to our customers by improving all aspects of project performance. Through digitalization, DEP will simplify and integrate our processes, tools, and systems to make them more efficient. DEP will transform Bechtel into an integrated, data-centric, and total-installed-cost optimized Engineering, Procurement and Construction execution organization.

Previously, Ross was the project manager of the Mattawoman gas-fired power plant project in Maryland. He joined Bechtel Oil Gas & Chemicals business unit in 1992 as a graduate electrical engineer in London. Since then he has held positions of increasing responsibility with leadership roles on projects across business lines, business functions, and global locations. Ross was elected principal vice president in 2019.

Ross is a graduate of the University of Strathclyde. He is a member of the Institute of Engineering Technology and is a certified Six Sigma Black Belt.

ABOUT BECHTEL

Bechtel is a trusted engineering, construction and project management partner to industry and government. Differentiated by the quality of our people and our relentless drive to deliver the most successful outcomes, we align our capabilities to our customers' objectives to create a lasting positive impact. Since 1898, we have helped customers complete more than 25,000 projects in 160 countries on all seven continents that have created jobs, grown economies, improved the resiliency of the world's infrastructure, increased access to energy, resources, and vital services, and made the world a safer, cleaner place. Bechtel serves the Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals markets. Our services span from initial planning and investment, through start-up and operations. www.bechtel.com
