# Scott Austin

Power Sector Lead and Commercial Manager,  
Americas; Bechtel Infrastructure and Power

## BIOGRAPHY

In his role as Power Sector Lead for Bechtel's Infrastructure and Power business, Scott is responsible for maintaining productive business relationships with key global and regional customers and partners, working with regional based organizations to develop and implement market engagement strategies, collaborating with functional management to develop / maintain core power market talent, and facilitating the assessment / adoption of emerging markets / technologies.

As Commercial Manager (Americas), Scott works with proposal teams to structure winning commercial strategies, assists delivery teams with the resolution of commercial issues and provides oversight of projects in the warranty and operations phase.

Over a 30-year career, Scott has held a variety of project execution positions as a cost engineer / estimator, construction field engineer, planner and project manager. Over the last several years, he focused on managing the development of large infrastructure projects in his role as Manager of Business Development, Americas for Bechtel Infrastructure and Power.

Scott holds an MS in Construction Engineering and Management, and a BS in Civil Engineering, both from the University of Maryland.

## ABOUT BECHTEL

Bechtel is a trusted engineering, construction and project management partner to industry and government. Differentiated by the quality of our people and our relentless drive to deliver the most successful outcomes, we align our capabilities to our customers' objectives to create a lasting positive impact. Since 1898, we have helped customers complete more than 25,000 projects in 160 countries on all seven continents that have created jobs, grown economies, improved the resiliency of the world's infrastructure, increased access to energy, resources, and vital services, and made the world a safer, cleaner place.

Bechtel serves the Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals markets. Our services span from initial planning and investment, through start-up and operations.
