Jamie McMillan

Global Manager of Business Development

BIOGRAPHY

Jamie McMillan is the global manager of business development in Bechtel's Oil, Gas & Chemicals global business unit based in Houston.

Prior to his current role, Jamie served as the business development operations manager of Bechtel's LNG business line. He had responsibility for Bechtel's new work booked in LNG worldwide. Before that role, he acted as the manager of sales, North America region for Bechtel's tanks business line.

Jamie has 17 years in the engineering and construction industry, and he has worked in a variety of roles. During the course of his career, he has gained experience in several areas, including engineering, fabrication, construction, and marketing before moving into business development.

Jamie holds a Bachelor of Science degree in mechanical engineering from Clemson University and a Master of Business Administration from the University of Houston.

ABOUT BECHTEL

Bechtel is a trusted engineering, construction and project management partner to industry and government. Differentiated by the quality of our people and our relentless drive to deliver the most successful outcomes, we align our capabilities to our customers' objectives to create a lasting positive impact. Since 1898, we have helped customers complete more than 25,000 projects in 160 countries on all seven continents that have created jobs, grown economies, improved the resiliency of the world's infrastructure, increased access to energy, resources, and vital services, and made the world a safer, cleaner place. Bechtel serves the Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals markets. Our services span from initial planning and investment, through start-up and operations.
