# David Wilson

## Chief Innovation Officer

David J Wilson is chief innovation officer, and works in the Houston office. He was elected principal vice president in 2016.

David manages Bechtel's Future Fund, a program designed to encourage colleagues across the company to create, share, explore and develop new ideas to enhance performance and competitiveness.

David joined Bechtel in 2001 as a mechanical systems engineer at the Waste Treatment and Immobilization Plant in Richland, Wash. Since then he has held positions of increasing responsibility with leadership roles as a Lean Six Sigma black belt and as manager of a telecommunications mobility project. His most recent role was as manager of innovation and virtual project delivery for the infrastructure global business unit.

David is a graduate of the University of Utah and received a master's degree in 2006 in Engineering and Technology Management. He is a certified professional engineer and Six Sigma Master Black Belt.

### ABOUT BECHTEL

Bechtel is a trusted engineering, construction and project management partner to industry and government. Differentiated by the quality of our people and our relentless drive to deliver the most successful outcomes, we align our capabilities to our customers' objectives to create a lasting positive impact. Since 1898, we have helped customers complete more than 25,000 projects in 160 countries on all seven continents that have created jobs, grown economies, improved the resiliency of the world's infrastructure, increased access to energy, resources, and vital services, and made the world a safer, cleaner place. Bechtel serves the Infrastructure; Nuclear, Security & Environmental; Oil, Gas & Chemicals; and Mining & Metals markets. Our services span from initial planning and investment, through start-up and operations. [www.bechtel.com](http://www.bechtel.com)
