## Strategic Projects Senior Vice President

### BIOGRAPHY

Adams leads strategic projects for Bechtel. He is based in Reston, Virginia, at Bechtel's operational headquarters.

Prior to his current position, Adams was chief financial officer (CFO) of Bechtel Group, Inc. from 2012 through 2014, responsible for leading the Finance organization, which includes the Controller, Treasury, and Tax functions. Prior to CFO, from 2003 to 2012 Adams was president of Bechtel's global Civil business, responsible for rail, infrastructure, and aviation projects, including:

- Dulles Corridor Metrorail extension in the Washington, D.C., area
- Khalifa Port and Industrial Zone in Abu Dhabi
- Hamad International Airport in Qatar
- Crossrail in London
- Jubail Industrial City in Saudi Arabia
- The Croatia, Kosovo, Albania, and Romania Motorways

Adams joined Bechtel in 1989, starting in Bechtel Enterprises. He was principal project liaison for the financial restructuring efforts on the landmark Channel Tunnel project. From 1993 to 1999, Adams served in Asia, where he was Bechtel's senior regional representative for Singapore, Malaysia, Vietnam, and Brunei as well as head of Asia Pacific for Bechtel Enterprises.

In 2000, he became manager of the rail business for Bechtel's Europe, Africa, Middle East, Southwest Asia region and helped significantly expand the company's rail business in the United Kingdom. In 2003, he became president of Bechtel Civil.

Adams was elected a senior vice president in 2001 and elected to Bechtel's Board of Directors in 2008.

Adams holds bachelor's degrees in engineering and French from Dartmouth College in New Hampshire and a Master of Business Administration degree from the Wharton School of the University of Pennsylvania.

Bechtel is among the most respected engineering, project management, and construction companies in the world. We stand apart for our ability to get the job done right—no matter how big, how complex, or how remote. Bechtel operates through four global business units that specialize in infrastructure; mining and metals; nuclear, security and environmental; and oil, gas, and chemicals. Since its founding in 1898, Bechtel has worked on more than 25,000 projects in 160 countries on all seven continents. Today, our 53,000 colleagues team with customers, partners, and suppliers on diverse projects in nearly 40 countries.
